Letter of Recommendation

Date: 25/05/2026

To Whom It May Concern,

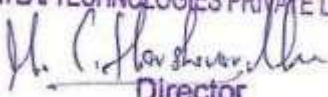

We are pleased to recommend the project titled “**DECENTRALIZED SECURE PRINTING PLATFORM (PrivyPrint)**” developed by **S Rohith (1BM23IC057)**, **OV Yogeswar Reddy (1BM23IC045)**, **Dadapir Nadaf (1BM24IC400)**, and **Aman Sharma (1BM23IC006)** under the guidance of **Ms. Susmitha Mukund Kirsur, Assistant Professor, (CSE - IoT , Cyber Security and Blockchain Technology), BMS COLLEGE OF ENGINEERING.**

At Rylai Technologies Pvt Ltd, we appreciate innovative solutions in cybersecurity and blockchain technology. This project presents a secure and decentralized printing platform that combines AES-256 encryption, blockchain-based access control, IPFS storage, and MetaMask authentication to ensure privacy-preserving document handling.

The team has demonstrated strong technical knowledge and practical implementation skills by successfully developing an end-to-end encrypted system with secure document sharing, smart contract integration, and decentralized storage architecture. The project has significant potential for applications in educational institutions, enterprises, and organizations handling confidential documents.

We commend the students and their guide for their dedication, innovation, and technical excellence, and we wish them continued success in their future endeavors.

Sincerely,

For RYLAI TECHNOLOGIES PRIVATE LIMITED
